- Notes:
1. Check ice conditions
 2. Special Restrictions- Artificial Lures only
 3. May be drained or empty
 4. Accessible by snowmobile
 5. May use dip nets for cisco only
 6. Family fishing waters
 7. See regulations for open sections

Ice Safety Tips

- **Check ice conditions!** Check ice conditions in advance, to bring proper gear. Typically 4 inches of good, hard ice is required to support an individual. 6 inches is required to support an ATV or snow machine.
- Keep in mind that it is very common for ice depth to be highly variable on a given reservoir and from one reservoir to another.
- Snow can be heavy, as well as have an insulating effect, so don't assume snow covered ice is safe ice.
- Carry a 20-30 foot rope as a precaution in case someone falls through the ice. Hand held ice picks attached to rope and strung through the arms of a jacket can be readily available and potentially helpful to an angler climbing out of a hole onto the ice.
- It is against the law to cut holes in the ice greater than 10 inches in diameter—except when dip netting for Cisco on Bear Lake. Holes in the ice can take time to freeze over, or can become disguised by snow cover, presenting hazards to unsuspecting anglers who can fall through.
- Dress for the weather. Wear layers, and don't forget to drink lots of fluids. Beverages that contain alcohol increase the onset of hypothermia.

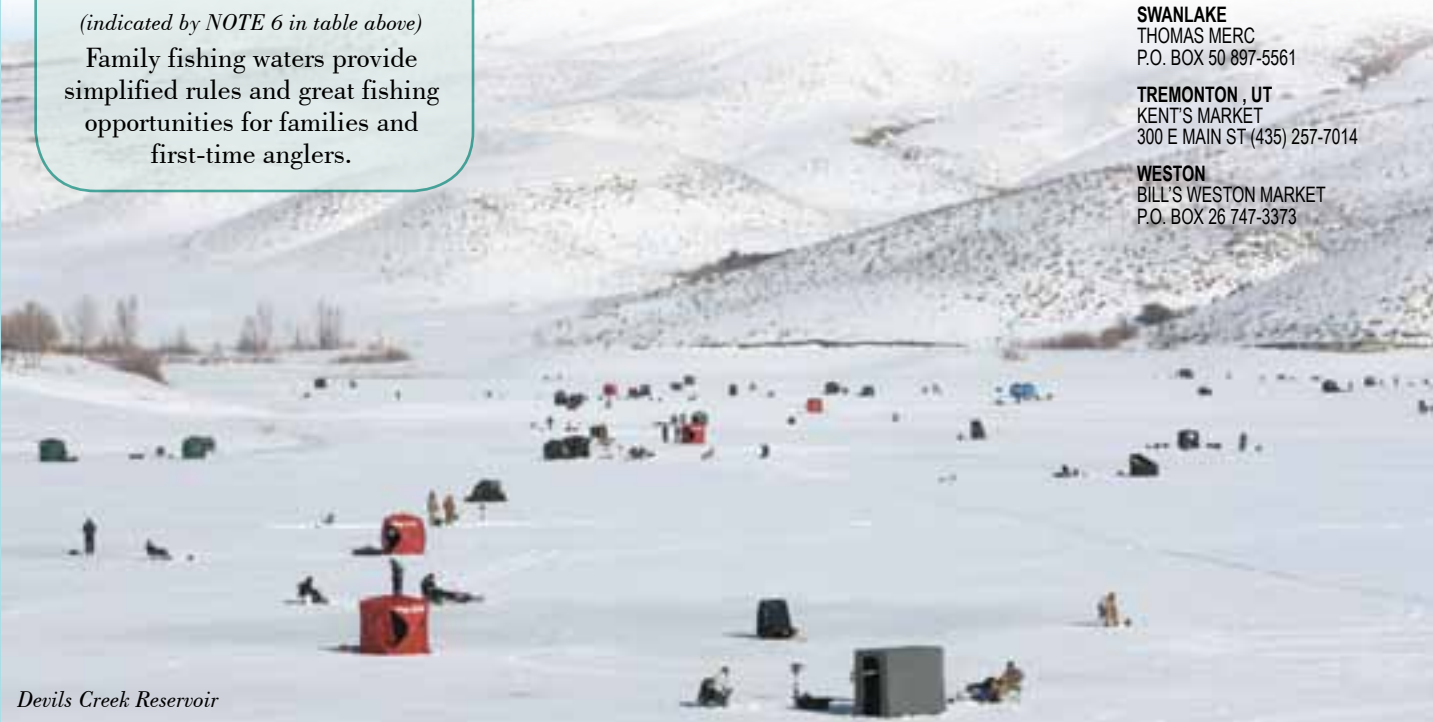

- Booming and cracking ice isn't necessarily dangerous. It only means that the ice is expanding and contracting as the temperature changes.

REMEMBER

The information contained in this brochure is not intended to be inclusive nor is it a substitute for the Idaho Department of Fish and Game's fishing proclamations. Be sure to know the rules before heading out for some fishing fun! Regulations can be picked up at any Idaho Fish and Game office or license vendor, or can be found on line at fishandgame.idaho.gov.

Family Fishing Waters

(indicated by NOTE 6 in table above)
Family fishing waters provide simplified rules and great fishing opportunities for families and first-time anglers.
